John ROBERTS second marriage to Eleanor HODGE, 5 March 1835 where they had an additional 5 children.

I have no knowledge of what happened to the two little girls Mary and Grace, or any knowledge of Mary Bosanko's parents.

If there is any connection to this Mary Bosanko and your tree I would appreciate your advice.

My time is tight but if you would like further information on the Roberts line I would be happy to share.

Regards
 Norma

Notes:

- By signature below, the physician has made an independent medical necessity decision with regard to each procedure to be performed.
 - Medicare generally does not cover routine screening procedures.
 - Documentation that conditions for coverage have been met should be maintained by the referring physician in the beneficiary's medical record, as is normal business practice.
 - Referring physician acknowledges that, in some circumstances, provider will be required to bill separately for the supply of the radiopharmaceutical for procedure listed in Section 11 above. Such additional supplies could result in additional charges to patients, Medicare and non-Medicare payers.
- If, at the time of service, the radiologist determines that a procedure not initially ordered by the referring physician is required, then the referring physician will be contacted for the additional order. A revised order will be required at that time.

Hi Kay,

In the Dec edition of Australian Family Tree Connections I found the following entry under "Missing Ancestors".

MOYLE, William (b1819 Con Eng) m 1834 Wendron Con **BOSANKO, Charity**. Issue: Charity (b1835); May (b1836); William (b1839) m Sarah Jane BARNES; William was miner at Eaglehawk Vic Aus. D&I sought: Mrs A White, 59 Charles Street, Ascot Vale Vic 3032.

Someone on the list may be able to help.

To add to your reference guide:

~~Earliest mother and father: - Thomas BOSANKO married Margaret ROGERS 15 Dec 1810 in Sithney Cornwall. They had 10 children John m Burette MANALLACK and moved to Aust. Johanna (Joey) m Thomas RICHARDS and moved to Aust. William m 1) Loveday STRANGER (no issue) 2) Mary Anne Ivy RICHARDS and there descendants moved to Aust. and USA (Roberta Peebles line). Linked surnames: - MANALLACK, RICHARDS, DATE, POLKINGHORNE, IVEY.~~

Hope this helps, if you need any more info please let me know.

Wishing you and everyone all the best for the New Year.

Anne Richards.

Looking to exchange information on Mary Treglown.

She married John P. Bosanko sometime prior to 1861 and then resided in the area of Tolcarne, Wendron, Cornwall, England, where her husband was a copper miner.

Following the death of Mr. Bosanko in 1861 she married a Mr. Oliver.

Hello Jay,

I am most interested in your information on the Treglown forum. My gt.gt.grandparents were John Bosanko and Mary Treglown, who married at Wendron about 1840.

They had at least two children, Ursula and Alexander, who in 1881 were at the home of Hannibal and Mary Oliver in Wendron. Ursula Bosanko was my gt.grandmother who married Henry Pooley circa 1884. They had Mary Jane my grandmother, Margery Annie who was a schoolteacher at Halwyn school and Edward who emigrated to Canada with his wife who was also his cousin, another Margery Pooley. The latter three were all born at Carnmenellis.

I noticed your name on the Dunstan site also. Do you perhaps have any Pooley's, Williams, or Tregonning's in your tree?

All good wishes to you. Evelyn Andrews

Hello,

This is a bit late but here's some personal information about me.

My name's Steve Bosanko, and I grew up in Birmingham (yeeurgh) but my real home has always been Cornwall. At the moment I'm studying in Norwich, but I think I may actually have to get a job soon. I'm descended from John Bosanko (born in a Brazilian mining camp in 1842, died in Redruth on 17/9/1898). He married Elizabeth Robarts (born 28/7/1847, died in Redruth 5/9/1923). Unfortunately we don't know exactly when or where John was born, so we can't trace his parents. If anyone knows of any Bosankos who went to Brazil as miners, I'd love to hear about them.

I've got a few photos of Cornwall, and I'm trying to put them on my web page at the moment; as soon as i've done it, I'll let you all know.

Bye for now,

Steve

Hello Listers,

Now that all that golf is over I wonder if anybody can help with my CADDY please?

Wearne Caddy was born at Wendron in 1865 and his parents were William and Grace.

By the 1881 Census William has died and Wearne is listed as a Farm Labourer aged 16.

Wearne comes into my family as a widower when he marries a first cousin of my mother's in 1907.

The marriage is to Edith Jane Seymour (widow, nee Grose) on 26th. Jan. 1907 at Redruth Wesley.

Here Wearne is listed as an 'Insurance Superintendent', residing at Clinton Road, Redruth.

By 1912, Wearne appears in Kelly's Directory as a photographer and continues until 1935,

his address being given as 85, Clinton Rd., Redruth and sometimes as 'Eureka Villas'.

Wearne dies in Redruth on 22nd. Jan. 1936 and was buried at Redruth St. Uny on Jan. 25th.

The funeral report in the West Briton makes no mention of the fact that he was a photographer and it concludes 'In addition to the widow and son (he was called Frederick Wearne), the late Mr. Caddy is survived by two daughters, Mrs. Bricknell (Plymouth) and Mrs. Bosanko, Redruth.' I have not yet established which children were from which marriage.

Wearne's will was proved in London. For those of you who have never looked

at the post 1858 indexes for Wills and Administrations for England & Wales, they can be very useful and this is a typical entry :-

---Caddy, Wearne of 85 Clinton Rd., Redruth Cornwall died 22 Jan. 1936 - Probate London 15th. April to Herbert John Paul builder Edith Jane Caddy widow & Kathleen Althea Mabel Bosanko (wife of John Garfield Bosanko) - Effects £xxxxx

The first sentence of the will shows Wearne as a photographer but in the rest of the will there is no mention of photographic material or equipment. After dealing with houses, the Trustees are given the residue of the property 'to sell, call in and convert the same into money....'

I know that he produced postcards but my quest is - what happened to his negatives/positives as I would like to know if there were any of my family amongst them? Did they get passed on or were they sold. There seems to be no record at the Cornwall Studies Library in Redruth, or at the RIC here in Truro. Some researchers working on the lives of a few Cornish photographers I have made contact with but they know nothing of his material/collection. I have a photo. of Wearne and possible Edith and also Fred and these photos

came to me by e-mail from my new found cousins in Seattle.

Sorry about the long pre-amble folks but is there anyone who has knowledge of these families and or Caddy photographs and can help please?

Sincerely,

****Wow! Steve that is great! I hope that someone can help there. I guess the next step is to find John's parents. Do you have his birth certificate? To have returned to Cornwall would suggest that he had other family there. Do you know of any siblings of John? - Kay****

Dear Kay,

I have finally managed to type up my descendency chart! I had to simplify it a bit, and I also have no knowledge of how to set these things out, so I hope you can understand it. Please could you forward this message to the list, and hopefully someone will be able to give me a hand.

Thanks,
Steve

AMY

We haven't been able to get any further back than John Bosanko, so I hope someone else may have a record of him. This is all we know about him:

John Bosanko
He was **born** in a Brazilian mining camp in **1842**, and married **Elizabeth Robarts**. He went to Eureka Nevada as a miner, was in Virginia City Nevada in 1878, Sacramento in 1883, Salt Lake City in 1886, and also went to the Klondike and had the top of his ear bitten off by an Indian (it says here). He went from San Francisco to St. Ives, Cornwall (where he was in 1891), and settled in Redruth. He bought or leased the De Dunstanville hotel in Redruth from the Basset family of Tehiddy, but later had a disagreement with them and bought the Oxford hotel instead. He owned two pubs in Redruth - the Royal Standard and the Kings Arms. He had many shares in the Drinkwater Valley dam in Nevada, but the dam burst and he lost all his money. He died in Redruth on 17 September 1898.

His wife Elizabeth Robarts was born on 28/7/1847 at 12, Pydar Street, Truro, Cornwall, and died on 5/9/1923, whilst living at 9, Trefusis Road, Redruth. Her father was James Robarts (born 25/7/1805), and her mother was Mary Gloyne. After John Bosanko died, the family left the Royal Standard pub and lived at Eureka villa, Albany Road, and then 9, Trefusis Road.

I have to quickly mention John's stepdaughter Winifred; according to my Mum's notes, she went to see Buffalo Bill perform at a rodeo, and he accidentally shot her through the leg on a ricochet! He was so sorry that he visited her in hospital and gave her a silver dollar.

Well, I think that's it. I'm sorry to send you all so many details about John Bosanko, but you never know what might be useful. If anyone can help, please get in touch.

Thanks very much,

Steve Bosanko

Certainly, please do.

On the subject of descendency chartttts, mine isn'ttt too detailed but I'll
have a look for it and tthen forward it on.
Damn ttthis keyboard. I hattte itt already.

I've also just had an email from Leroy Bosanko Jr, who asked tto be putt
on the listt, so please add his address (leroy@calinet.com).

He says:-

> I was under the
> impression the name was Ukraine. I met a Russian attorney a few years ago

So thattt's yet another odd coincidence. I think we could prettend tto
be from just abouttt anywhere in Europe if we wanted to.

Well, tthere we go. I'm really glad this listt is working so well; keep
writing everyone. One day we might be able ttto trace everyone on the list
to each other.

Hi Steve, Linda, Jim, Audrey, Jay, Cat, Fayth and Roberta,

I am sending this to all Bosanko researchers that I am aware of on the 'net to save repeating myself and in the hope that we can put this all together amongst ourselves and so help each other!

Audrey and I have been corresponding by snail mail for some time and have just connected on the internet - life in the fast lane!!

Fayth and I met up on the 'net a while ago. Audrey, Fayth and I are definitely connected from Thomas and Mary CHERGIN - see attached descendant chart (generation 2) - In generation 3 - Fayth is descended from Samuel no 2 of 12; me from Henry no 11 of 12; and Audrey from Alexander no 12 of 12.

I have also found other connections to some of the other 9 of that 12 in Australia, but I hope that this will get us going!!

Steve, - Thanks for your email. It was great to hear from a Bosanko at last!! I had heard the tale of the Bosanko name being 'House of death', but the actual copy of the piece is nice to have! - so thanks.

Linda, - I have sent you several emails as well as 2-3 letters over the years - since you first contacted me as a Bosanko researcher with what seemed a mail out letter, that I answered but got no reply. However here you are now and that is all that matters.

I am about to buy a scanner and would love to help you Linda. I already have a home page and really enjoyed putting it together, though only an amateur (very amateur!!). If you go to my home page you will see a link to 'Genealogy's Most Wanted' page or <http://www.citynet.net/mostwanted> - Ken Gunn, a web master there, helped me with my page by running a series of lessons on making a hp.

I have just returned from 4 weeks in South Australia where I went to Moonta ("Little Cornwall") and Wallaroo and Kadina - collectively known as the "Copper Triangle" because of the copper mining that drew the Cornish Miners from Cornwall. It is said to be more Cornish than Cornwall!! I had a great time researching there and finding cousins!! I now need to enter all my new found info into my data base.

I use Cumberland family tree programme, I have used PAF and Brothers Keeper but find that Cumberland suits my needs more. I can send Gedcom files for you to compare if you would like - I would also be interested in yours! :)

I am also a member of the CFHS.

Look forward to hearing from you all!

John BOSANKO, foreman of Eureka Con Mine
left yesterday for Cornwall
25 Nov 1886
Bosanko

COUSIN JACKS OF RUBY HILL 1886-94

Contributed by Gary T. Spargo (4502)

Much has been written of the Cornish presence in the more notable western mining camps such as Grass Valley and New Alameda in California; Virginia City, Nevada; or Butte, Montana. Yet these were only a few of the spots on a big map. During the last four decades of the 19th Century, there were innumerable mining camps, large and small, across the American West. Most sprang up and boomed for a few years then withered when the ore - or the profitability of mining it - played out. The state of Nevada alone was the site of over 350 such communities.

A few miles northeast of the geographical centre of Nevada lies the town of Eureka. With a population of under 1,000, it survives today by being a minor supply centre for the farm and ranches in the area and because it is the seat of the county of the same name. Eureka sits astride U.S. Highway 50, dubbed "The Loneliest Highway in America". The nearest town is Austin, 70 miles west, although the small community of Duckwater is 48 miles south, over a gravel road; the still-native mining town of Ely is 77 miles east, 89 miles to the north is the town of Carlin.

Eureka has little more than local significance now but in the late 1870's it was the second largest city in Nevada, next to Virginia City and the most important smelting centre in the entire west. An 1878 description of the district listed sixteen furnaces on the outskirts of town with a combined daily capacity of 925 tons of ore. Silver was the most important metal produced although the lead output was sufficient to influence the U.S. market.

The genesis of the town occurred in September of 1864 when a five-men prospecting party from Austin discovered ore on a ridge about 1½ miles south of the present town site. A mining district was laid out, claims were located and mining operations commenced. For about two years thereafter ore was freighted in wagons across the desert to Austin, for smelting. From 1866-69 several expensive attempts were made at on-site reduction, all resulting in failure. The ore was argentiferous lead and the know-how of its treatment did not reside in the region. This problem was overcome in 1869 by procuring the services of John Williams and R. P. Jones, two Welsh Smeltersmen. Efficient smelting made mining remunerative and the district began to flourish.

Until the summer of 1869, all mining locations had been made on the eastern spurs of the 9,500 foot peak known as Prospect Mountain, little exploration having been done in its western and northwestern foothills. About that time a group of Cornish Miners (source doesn't mention the names) discovered a ferruginous outcrop on the northwesterly ridge, which they named Ruby Hill. This party located and developed a number of claims which shortly proved valuable, they built a brush fence to define their holdings and patrolled the boundaries with rifles to discourage claim-jumping. A San Francisco financial group subsequently bought several of the locations and in July 1870, milted them into the Eureka Consolidated Mining Company, or the "Eureka Con.."

Ruby Hill lay atop the centre of the district's greatest mineral wealth and mining operations expanded rapidly. By 1871, a community had formed on the hill, its name being derived from its location. Businesses followed and in 1873 Ruby Hill had its own post office. Meanwhile, more smelting capacity was being built in Eureka, 2- miles to the east. The two communities became mutually supporting, the ore being milled on or around Ruby Hill and smelted at Eureka. In 1875 a railroad was built from Eureka to Ruby Hill to transport the ever increasing volume of ore. In that same year a narrow-gauge railroad was completed, linking Eureka with the Central Pacific R.R. at Palisade about 80 miles north.

The State of Nevada census of 1875 revealed about 200 persons in Eureka County. Of these, over 110 were of probable Cornish origin, based on their surnames. Most were categorized as Miners or Labourers, but a few were making their marks in other endeavours: T.R. Jewell was a Merchant, who by 1878 would be the Constable of Palisade township. W.H. Ennor and a partner had organized the first stage line through Eureka in 1870 connecting with palisade before the building of the Eureka & Palisade R.R.. James Curnow was establishing himself as a Rancher, his sons William and Frank would later become handy with sidearms (see entry for 21st September 1889).

By 1878, Ruby Hill was home to about 900 Miners, many with families, plus a few hundred other people engaged in the various businesses typical to any community. There were numerous stores and saloons, a theatre, at least two churches and a weekly newspaper. On and near Ruby Hill were about two dozen operating mines, the largest two being the Eureka Con. and the Richmond, the latter a London firm. Eureka, with about four times Ruby Hill's population, smelted ore from mines spread over a wide region, served as a rail and stage terminus for the same area and was the seat of the county government.

Although 1878 was the peak year, there was plenty of life remaining in the twin communities. The census of 1880 counted 2,165 people in Ruby Hill and about 8,500 in Eureka. In 1881, water became a problem in the lower levels of some of the mines. The richer ore bodies had been extracted by 1885 and operations by the larger companies declined steadily. Leasers continued to work a number of properties on a miller scale. The price of silver fluctuated in the late 1880's, adding to the financial stress. The Richmond smelter closed in 1890 and that of the Eureka Con. in 1891. The demonetisation of silver by the U.S. Government caused a general crisis in the silver refining industry in 1893. On 1st July of that year the *Eureka Weekly Sentinel* contained the following observations:

All of the mines of this district have closed down on account of the depreciation of silver.

and

Today our town is full of idle Miners, and the Lord only knows where or when they will again get employment.

By the turn of the century mining was finished as the mainstay of the district, although there were several short-bred revivals thereafter. Ruby Hill was all but uninhabited by 1910. Locals scavenging for fuel dismantled most of the remaining wooden buildings during the depression of the 1930's.

My great grandparents were William J. Spargo, of Stithians and Lavinia Johns, of Lezere in Wendron. They came independently to Ruby Hill and met and married there in 1888. Their lives in Eureka/Ruby Hill spanned the years 1886-93. While searching the *Eureka Sentinel* for mention of them I found a number of articles which may be of interest to members. The annual tax lists for the years 1888-92 identify and provide some information relating to 'Cousin Jacks' in the area in the absence of the 1890 census.

The Killing of Bosanko.

The William Bosanko killed at Butte Montana, a few days ago was a brother, of John Bosanko of this place, and was for a long time a resident of Ruby Hill. Mike Carroll, his slayer, is also an old resident of the Range, and worked in the Richmond at one time. Both men are well known here. From all accounts the murder was unprovoked, and it is probable that Carroll will suffer the severest penalty of the law.

As soon as it was found that **Rosanko** was dying, Mike Carroll was taken in custody.

Several hundred members of the Miners' Union escorted the remains of William Bosancho, about three o'clock yesterday afternoon, to his last resting place in the cemetery, attended by the Centreville Band. There is a bitter feeling among the friends of Bosancho, some of whom publish a card in another column.

Michael Carroll was bound over yesterday by Justice O'Meara in the sum of two thousand dollars to appear before the Grand Jury which meets to-morrow.

Monday in the Anaconda mine there arose a disagreement between Mr. Michael Carroll, the foreman of the mine, and a miner named William Bosancho. The latter at a late hour last night was lying in a precarious condition at the Sisters' Hospital, unable to speak. As far as the facts can be learned Carroll discharged Bosancho, who, it is said was drunk. The latter then became abusive and as is stated, advanced on Carroll and threatened him with a miners candle-stick, at the same time calling him a son-of-a-b—. Carroll warned him off and having at this time it seems a crow bar in his hand, finally struck Bosancho over the top of the head, cutting open his scalp down to the eye, and making a horrible wound. Whether or not the skull was fractured could not be ascertained positively yesterday, but last evening a serious discharge from the ear was noticed, indicating a rupture of the membrane at the base of the brain.

A warrant was sworn out yesterday before Justice O'Meara against Carroll. The offense charged was assault upon William Bosancho with a deadly weapon, with intent to do him bodily injury. Carroll came down town and offered to give himself up, but was not arrested. Bosancho was in a more favorable condition about eleven o'clock last night.

There were facts connected with the recent death of Bosanko in Butte—or, rather, the effect produced by his death—which the Butte papers failed to report. The night following the murdered man's death (Friday night) was one of great excitement in Butte. As is well known, the greater portion of the miners of Butte are Cornishmen. Bosanko was also a Cornishman, while Carroll, who killed him, is an Irishman. Between the Cornish miners and the Irish miners there is no affinity. They do not mingle when off duty, and they even dislike to work together. Considering this condition of affairs, it is not strange that the feeling created among the Cornishmen by Bosanko's death was anything but a friendly one for Carroll. It was currently reported on the streets late in the evening that the Cornish miners were gathering with the purpose of lynching Carroll, who was then in jail. To protect the prisoner an extra force of twenty guards, well armed, were stationed in the jail corridor with instructions to protect Carroll at all hazards against the fury of the mob. Our informant, who is a Butte man, says that a meeting of the Cornishmen was held to consider the subject, but as the meeting was not public he is uninformed as to the proceedings. No hostile demonstration was made, however, but the streets were crowded with miners the greater part of the night. He believes that the Cornishmen will make some move for vengeance in the future, at some time when the officers are off their guard.

There were facts connected with the case of *Barrett* which were rather the effect produced by his death—which the British papers failed to report. The night following the murdered man's death (Friday night) was one of great excitement in Britain. As is well known, the greater portion of the cabinet of *Barrett* was *Conservative*. *Barrett* was also a *Conservative*, while *Carroll*, who killed him, is an *Irishman*. Between the *Conservative* cabinet and the *Irish* cabinet there is no affinity. They do not mingle when off duty, and they even dislike to work together. Considering this condition of affairs, it is not strange that the feeling created among the *Conservatives* by *Barrett*'s death was something not a friendly one for *Carroll*. It was currently reported on the streets late in the evening that the *Conservative* were gathering with the purpose of lynching *Carroll*, who was then in jail. To protect the prisoner an extra force of twenty guards, well armed, were stationed in the jail courtyard with instructions to protect *Carroll* at all hazards against the fury of the mob. One informant, who is a *British* man, says that a meeting of the *Conservatives* was held to consider the subject, but as the meeting was not public he is uninformative as to the proceedings. The hostile demonstration was made, however, but the attack was crushed and with intense the greater part of the night. It follows that the *Conservatives* will make some move for vengeance in the future, at some time when the officers are off duty.

A Card.

We see it stated in the *Inter Mountain* of the 10th inst., that when Mr. Bosanko was sober he was peaceably disposed, but when under the influence of liquor, he was a quarrelsome, dangerous and desperate man. We have known Mr. Bosanko several years and known him to be a quiet, peaceable and unoffending citizen, an honest man, and a firm, fast friend to his

BUTTE February 13, 1882.

Two murders have been committed in Butte during the past week—Bonasko, at the Anaconda mine and Grove at a bagnio on Pask street. In the case of the former it does not appear that there are peculiarly extenuating circumstances. Engaged in a quarrel with Michael Carroll, foreman of the mine, Bonasko was brutally assaulted with a crowbar, and his skull fractured, from the effects of which he survived but a few days. A large funeral cortege followed his remains to the grave on Saturday. Carroll is under \$2,500 bonds to appear before the Grand Jury, which meets to-morrow.

DONE NO DEATH!

Joseph Bosancho Goes to His Long Home, Closely Followed by Al. Grove—Full Report of Testimony Before Coroner's Jury.

Jury.

The causes which brought about the death of Al. Grove and Joseph Bosancho, have already been mentioned in the *Miner*. Bosancho died at twenty minutes past one o'clock yesterday morning in the Sisters' Hospital. Grove died at seven o'clock yesterday morning at the same place.

The following is the full stenographic report of the testimony taken before the Coroner's Jury at the inquests held at that place yesterday on their remains:

In the matter of the coroner's inquest on the body of William Bosancho, deceased, held at the Sisters' Hospital in Butte City, M. T., February 11, 1882.

Jurors: D. N. Upshur, E. B. Waterbury, Robert McMinn, J. R. Wilson, Peter McMinn and Richard Hughes were sworn by the coroner.

James Higgins was called and sworn and testified as follows:

My name is James Higgins. I recognize the body lying here as that of William Bosancho. On the evening of the 10th (Monday) he came to Walker-rille and was under the influence of liquor, and the foreman wasn't there; this was in Silver Bow County, Montana Territory. The foreman wasn't there and he went in the mine and was there twenty minutes or so and the foreman went down. They were laying the cage and the foreman wanted the work done his way and Bosancho wanted it his way, and the foreman looked at the man and said, "You are drunk," and Bosancho said, "So I am, drunk," and said, "You are a mining liar," and the foreman said, "It is all right, you go on and talk, you can't work." And Bosancho said, "You are a dirty, mean son of a—b—h, and I can lick you on top or here or anywhere else; come out here and I will fight you." Carroll, the foreman, then said, "No, I don't want to fight you, go on top and we will have no bother." I was about twenty feet away when Bosancho replied "You are a dirty son of a—b—h if you don't take it up and finally he asked Carroll if he could go to work again and he said no and he started in to abuse him again and the other witnesses say he had a canille stick. I heard a noise outside and I came out and I just saw Bosancho falling; there was timber between where he was and where I was. I saw him falling and he attempted to get up and he partly raked and looked as if he wanted to get to Carroll again, but he was too weak; Carroll told me to take him up and we did. I did not see Carroll strike him; there was timber between us and I was in a place I couldn't see until I came right on him. The two men were pretty close. They were alone in the bottom of the shaft. It was in the station. The station is 34 feet long and 35 feet wide. I suppose the thing occurred in the shaft 35 feet from the sta-

"What is it for?" The boss said: "You are drunk," and he said: "That's a dirty lie." He had it in his head that the boss had called him a liar and he said you can go on top, and he told him he was a dirty liar and the boss walked away and he gave him a push and he went after the boss again and got upon a piece of track. I didn't expect anything like this. I heard him curse the boss and I saw the boss strike him, he might have struck him three or four times or more. I think the first blow was across the shoulders. I think it was with a drill, but I wasn't sure about it. I was 15 or 20 feet away. I went back to the shaft again and he went in after the boss. There was light enough for me to see what they were doing, and I heard him curse the boss. He said he didn't go on top and call him a liar. The boss said "I didn't call you a liar." The last blow he had he got on to a post and I told the boss not to strike him any more. The other fellows were out at the time. He had a drill in his hands when I told him not to strike him, but I am not sure. I can't say that I noticed any weapon in the caverns. He had his senses when he got on top only he couldn't walk, and we put him in the changing room.

Carroll said when told not to hit him any more, "Get him away from here." I didn't see Carroll take up anything; I can't say. I don't know whether he had a canille stick in his hands or not. Deceased while he was receiving the blows was going back. He was 5, or 10, or 12 feet from where he got the last blow to where he got the first one. Carroll was forcing him back. The last blow he got he got around a post. He didn't hit him after that. After he says "I can't take any more," he didn't strike him any more. I do not know whether they had any difficulty before that. He was in the habit of getting drunk, but never said anything out of the way. This was in the Anaconda mine. Bosancho's back was towards me when he went after Carroll. He turned his back towards me. I did not notice anything in deceased's hands. They were standing something like them two men, and I noticed hold of the lapel of Carroll's coat. I think the first blow was on the shoulder. I am pretty sure of that, and I think he struck him three times, or more. It might have been half a dozen times. I did not notice any blood on the man Bosancho's face until after it was over. He had a hat on the time, but lost it. I think he retreated eight or ten feet getting those blows. He didn't fall from the blow. The last blow he struck him he reached for a post. I think that was the blow on the head.

James Hughes called and sworn and testified as follows:

My name is James Hughes, and I recognize the body of the man lying here as that of William Bosancho. This man came to the Anaconda mine very drunk. This was in Silver Bow county, Montana Territory, between three and four o'clock on Monday. He came down to the mine to go to work, but he was very drunk. He was so drunk that we thought he would fall down the shaft, and we spoke to one another and said it wasn't right to have him there while we were working. The boss came down and watched him working a while, and told him to go on the cage and go on top. He said "What for?" The boss said: "Because you are drunk." He said he was a dirty liar and that he couldn't take it up. He would fight him there or anywhere else. This man told the foreman so. The foreman told him he didn't want to fight, and the boss thing he could do was to go on top. He went on the cage, and asked the foreman if he could come back again.

the second time and put his fist up this way to Carroll's nose, and said he would fight him on top or on the other side of the station. I and my partner were working at the time, not knowing that he would come to anything worse, and the next thing we knew they were fighting. There was no light there. In the fighting the light went out. Then we went toward the two men—Bosancho and Carroll—it was a distance of twenty-five or twenty-six feet. As I was approaching them there was a light at the end of the drift. Some of the other shift was out eight or ten seconds before me. But when I got out probably eight or ten feet from where Bosancho was I saw him in the act of falling. He got up again and made an effort to get around the post to get at Carroll but fell forward again, and then we took him on top in the cage. I did not see Carroll strike him. I did not see any weapon or any tool of iron in his hands. I did not see any weapon in Bosancho's hands. I don't know any difficulty they had prior to this. I never knew this man until the 1st of January, when I went to work. I know Carroll for six years. My partner was James Hughes. In the dark I couldn't see what they were doing. I could hear but couldn't see what they were doing. I didn't hear any hollowing. This was down the shaft deep from the surface—that is what it is calculated to be. I didn't hear Carroll say anything when we took away Bosancho. He told us to take him away, and we took him on top.

I didn't see any blood on Carroll. I didn't see that Carroll was hurt. I noticed iron or drill tools lying around on the floor. They are lying around there all the while. There was nothing like a cross-bar. There was lagging and shovels, etc., and sweep sticks and other things. Three of us took him up and put him in the changing room and went back to work, and I didn't see anything of him until I saw him here.

Dr. Johnson called and sworn and testified as follows: I recognize this as the body of William Bosancho. I saw him first on the 6th day of February—the day he was hurt. I saw him suffering from a wound on the left frontal side of his head. I asked him if his head pained him, and he said it did. After I saw him here I under-stand a fracture of the base of the skull. There was serious blood oozing through his left ear.

Did you examine the wound close enough to form an opinion as to how it was produced?

It was a blow from some hard instrument. The wound is about three inches long, cutting clear to the bone. I put my finger in the wound and felt the skull. I couldn't detect any fracture where the blow was struck. A fracture from the base of the brain comes from a blow from above. I can't tell whether there was more than one blow. From this long incision there was another contusion that looked like the end of an instrument. It all looked like one strike. There were no other wounds on the body. There was a chronic ulcer on the ——. He complained of his shoulder and side being sore, but that must have been from falling. There was no other fracture or bruise. My opinion is that his death was caused from that blow on his head. I can't say whether or not he was under the influence of liquor when I first saw him. I didn't detect any odor of liquor. But the man who came with him said he had been drinking. He was rational, however, and told me his name and where he was working. Day before yesterday afternoon was when he commenced to get wild, fever and chills he died last night at 1 o'clock I was told.

John Harrington called and sworn and testified as follows:

I recognize the body in the hall as that of Billy Bosancho's. He came drunk to the mine and went down in the cage and wanted to work at the Anaconda mine and him and his partner were at the shaft. We were about 25 or 35 feet away from him. In about twenty

He got up again and made an effort to get around the post to get at Carroll but fell forward again, and then we took him on top in the cage. Did not see Carroll strike him. Did not see any weapon or any tool of iron in his hands. Did not see any weapon in Bosancho's hands. I don't know any difficulty they had prior to this. I never knew this man until the 1st of January, when I went to work. I knew Carroll for six years. My partner was James Hughes. In the dark I couldn't see what they were doing. I could hear but couldn't see what they were doing. I didn't hear any hollowing. This was down 400 feet deep from the surface,—that is what it is calculated to be. I didn't hear Carroll say anything when we took away Bosancho. He told us to take him away, and we took him on top.

I didn't see any blood on Carroll. I didn't see that Carroll was hurt. I noticed iron or drill tools lying around on the floor. They are lying around there all the while. There was nothing like a crow-bar. There was logging and blocks, etc., and sweep sticks and other things. Three of us took him up and put him in the changing room and went back to work, and I didn't see anything of him until I saw him here.

Dr. Johnson called and sworn and testified as follows: I recognize this as the body of William Bosancho. I saw him first on the 6th day of February—the day he was hurt. I saw him suffering from a wound on the left frontal side of his head. I asked him if his head rubbed him, and he said it did.

was too weak. Carroll told us to take him up and we did. I did not see Carroll strike him; there was timber between us and I was in a place I couldn't see until I came right on him. The two men were pretty close. They were down in the bottom of the shaft. It was in the station. The station is 30 feet long and 25 feet wide. I suppose the thing occurred in the shaft 25 feet from the station.

Did you see anything in this man's hand when you came up?

No sir. I came on the west side of the station and there were timbers between him and me. I just came there when Rosancho fell.

Did you see anything in Carroll's hands?

No sir, not at the time, but after Rosancho made an attempt to get up Carroll stooped but I did not see him pick up anything.

Didn't see him lay down anything?

No sir.

You wasn't aware what he was struck with?

No sir.

You was aware that he was struck with something?

Yes sir.

Was that all that Carroll said when you came up about sending him up?

Yes sir. That's about all, he said he didn't want to have any further trouble and to take him away.

Did this man say anything?

When we took him in the changing room he didn't want to go in. This was about three o'clock Monday afternoon. He was so drunk that when he went

where we were working, the boss came down and watched him working a while, and told him to go on the cage and go on top. He said: "What for?" The boss said: "Because you are drunk." He said he was a dirty liar and that he couldn't take it up. He would fight him there or anywhere else. This man told the foreman so. The foreman told him he didn't want to fight, and the best thing he could do was to go on top. He went on the cage, and asked the foreman if he could come back again when he was all right, and he said no. He then jumped off the cage and called the foreman a dirty son of a b—h, and wanted to fight. I was working in a drift about twenty-five feet from there, and I turned around when he called him a son of a b—h again, and I saw a candle stick in his (Rosancho's) hands and ran in that way and call him a dirty son of a b—h. Then I heard a scuffle outside and when I got out Rosancho was laying down about 25 feet from where I was working, and about 10 or 12 feet from the shaft. I didn't see any blows struck; I simply heard the scuffling. It was dark. In the scuffling the candle was put out. We were in the drift and they had a light and it was in the scuffling the light was put out. His partner, Mr. Thomas, was there at the time. I saw the candle stick in the man's hands. I did not see anything in Carroll's hands. I could see distinctly. I did not at any time see anything in Carroll's hands. What there was done was done before we came. Rosancho he had a miner's iron candle stick in his hand right that way. It was one of those long candle sticks, spiked to drive in the rock. I think a man could inflict personal injury with one of these candle sticks. I think a man could kill a man with one. I helped him up but I did not see any candle stick, but it might have been there for all me. I did not see any on the ground. Both men had lights—candles. I did not see anything in Carroll's hands in the way of a weapon. Carroll had a candle too. It was nothing but a naked candle though. He don't work, he just lights a candle and sees the work going on. I didn't see Carroll strike him. I did hear sounds of blows; we could hear a scuffling out-

where he was working. My desire yesterday afternoon was when he commenced to get with, fever ensued and he died last night at 1 o'clock I was told. John Harrington called and sworn and testified as follows:

I recognize the body in the hall as that of Billy Rosancho's. He came drunk to the mine and went down in the cage and wanted to work at the Anconda mine and him and his partner were at the shaft. We were about 25 or 30 feet away from him. In about twenty minutes, Mike, the foreman, came down and looked where he was working and went back to the shaft and told them to cover a platform over the shaft. I don't know what he said to him but I heard Mike tell him to go on top that he was drunk but he (Rosancho) said he was a d—h liar, so he wanted to fight on top or in the station, but Mike said he didn't want any fight; he (Rosancho) says you are a son of a b—h and nothing else. That's what I think he said and Mike walked away from him and he called him a second time a dirty son of a b—h and asked him if he would fight him there or on top; then I heard shoving and pushing in the station but there was no light there. I was the last man that came towards him; I saw Rosancho fall; I was about ten feet away from them and as I came towards him he was getting up like this he caught hold of my candle stick and said something to Carroll and he made a motion with his candle stick like this. I had light enough to see him. I did not see a thing in Mike's hands. I did not see Mike strike him. I didn't know what made him fall. I didn't hear any blows. There was no light there except what I had myself. Carroll did not say anything at the time I came up. From the time I heard this talk—this son of a b—h, and that—from that time to when I came up with the candle in my hands I had been at work and the fuss was over when I got out. I went out when I saw all the rest go out, the rest were ahead of me, I was the last man; I came out because the rest did. I didn't hear anything. I

With?

No sir.

You was aware that he was struck with something?

Yes sir.

Was that all that Carroll said when you came up about sending him up?

Yesir. That's about all, he said he didn't want to have any further trouble and to take him away.

Did this man say anything.

When we took him in the changing room he didn't want to go in. This was about three o'clock Monday afternoon. He was so drunk that when he went down and came in the station he was fooling around all the time. We thought he was liable to ring the bell and kill somebody, and we wanted him out. He was contrary and we didn't say anything to him. This place was 35 feet wide and 30 feet long, and pretty nearly square. They had a difficulty before. There were tools lying all around, the station tools lying all around there.

James Thomas called and sworn and testified as follows: I recognize this as the body of William Rosancho.

State what you know concerning his death.

I was there at the time of his death. He came there drunk on Monday, the 6th of February. The boss was on top when he came and he came down. He hadn't been there more than half an hour when the boss came down. He was doing things wrong, and the boss said it was wrong. He said something about it, and the boss said: "You get in the cage and go up." He said "All right; if that's your mind," and said:

plainly. I did not at any time see anything in Carroll's hands. What there was done was done before we came. Rosancho he had a miner's iron candle stick in his hand right that way. It was one of those long candle sticks, spiked to drive in the rock. I think a man could inflict personal injury with one of these candle sticks. I think a man could kill a man with one. He don't work, he just lights a candle and sees the work going on. I didn't see Carroll strike him. I did hear sounds of blows; we could hear a scuffling outside; there was no hollering at all.

John Holland called and sworn testified as follows:

My name is John Holland. I recognize the body in the hall as being that of William Rosancho. On the afternoon of the 6th the shift went on at six o'clock at the Anaconda mine. Between three or four minutes after going to work Carroll, the foreman, came down into the mine. This Rosancho and his partner were at the shaft. The cage was hobbling water at the time. There was some talk between him and Carroll, the foreman, relative to some plank to be put under the cage. At the shaft they had some difficulty, and the words they had grew a little hotter. I and my partner were at work in the drift about five or six feet from the station. And then this Rosancho, the first thing I heard, he called Carroll a liar, and Carroll told him previous to his calling him a liar to go on top that he was too drunk to work. He said he was able to work in any mine. He said he wasn't in the state he was at that time. Then he called Carroll a liar

from them and as I came towards him he was getting up like this. He caught hold of my candle stick and said something to Carroll and he made a motion with his candle stick like this. I had light enough to see him. I did not see a thing in Mike's hands. I did not see Mike strike him. I didn't know what made him fall. I didn't hear any blows. There was no light there except what I had myself. Carroll did not say anything at the time I came up. From the time I heard this talk—this son of a b—t, and that—from that time to when I came up with the candle in my hands I had been at work and the fuse was over when I got out. I went out when I saw all the rest go out, the rest were ahead of me, I was the last man; I came out because the rest did; I didn't hear anything. I didn't hear any words spoken between them. I heard the first words from where I was; but I didn't hear any further conversation. I heard the roaring around. That candle stick was in Rosancho's right hand. He made an attempt to get to Mike with it, but he staggered back to the same place again. I didn't hear Mike say to him when he ordered him to go above that if he didn't go he would make him go. They did not have any other difficulty before this that I know of. I did not see any tools lying around on the floor. There were drills lying around where they were working, and dirt and blocks right where they were. Close to the shaft there was a lot of tools generally.

The verdict of the jury was that the deceased, William Rosancho, came to his death from a wound inflicted by some blunt instrument in the jury unknown to the hands of Michael Carroll on the 6th of February, 1892.

The low lines under the head of birth explains the presence of the blood smudge which yesterday wreathed the countenance of our popular friend, Mr. P. A. Largey.

Montana Territory. The foreman wasn't there and he went in the mine and was there twenty minutes or so and the foreman went down. They were laying the cage and the foreman wanted the work done his way and Rosancho wanted it his way, and the foreman looked at the man and said, "You are drunk," and Rosancho said "No I am not" and said, "You are a sinking bar," and the foreman said, "It is all right, you go on and talk, you can't work." And Rosancho said, "You are a dirty, mean

son of a b——h, and I can lick you on top or here or anywhere else; come out here and I will fight you." Carroll, the foreman, then said, "No, I don't want to fight you, go on top and we will have no bother." I was about twenty feet away when Rosancho replied "You are a dirty son of a b——h if you don't take it up and finally he asked Carroll if he could go to work again and he said no and he started in to abuse him again and the other witnesses say he had a terrible streak. I heard a noise outside and I came out and I just saw Rosancho falling, there was timber between where he was and where I was. I saw him falling and he attempted to get up and he partly raised and looked as if he wanted to get to Carroll again, but he was too weak; Carroll told us to take him up and we did. I did not see Carroll strike him; there was timber between us and I was in a place I couldn't see until I came right on him. The two men were pretty close. They were alone in the bottom of the shaft. It was in the station. The station is 30 feet long and 35 feet wide. I suppose the thing occurred in the shaft 35 feet from the sta-

tion to where he got the first one. Carroll was forcing him back. The last blow he got he got around a post. He didn't hit him after that. After he says "take him away," he didn't strike him any more. I do not know whether they had any difficulty before that. He was in the habit of getting drunk, but never said anything out of the way. This was in the Anaconda mine. Rosancho's back was towards me when he went after Carroll. He turned his back towards me. I did not notice anything in Carroll's hands. They were standing something like them two men, and I caught hold of the lapel of Carroll's coat. I think the first blow was on the shoulder. I am pretty sure of that, and I think he struck him three times, or more. It might have been half a dozen times. I did not notice any blood on the man Rosancho's face until after it was over. He had a hit on the time, but lost it. I think he retreated eight or ten feet getting those blows. He didn't fall from the blow. The last blow he struck him he caught hold of a post. I think that was the blow on the head. James Hughes called and sworn and testified as follows:

My name is James Hughes, and I recognize the body of this man lying here as that of William Rosancho. This man came to the Anaconda mine very drunk. This was in Silver Bow county, Montana Territory, between three and four o'clock on Monday. He came down to the mine to go to work, but he was very drunk. He was so drunk that we thought he would fall down the shaft, and we spoke to one another and said it wasn't right to have him there while we were working. The boss came down and watched him working a while, and told him to go on the cage and go on top. He said "What for?" The boss said "Because you are drunk." He said he was a dirty bar and that he couldn't take it up. He would fight him there or anywhere else. This man told the foreman so. back to work, and I didn't see anything of him until I saw him here.

Dr. Johnson called and sworn and testified as follows: I recognize this as the body of William Rosancho. I saw him first on the 6th day of February—the day he was hurt. I saw him suffering from a wound on the left frontal side of his head. I asked him if his head pained him, and he said it did. After I saw him here I made a diagnosis of a fracture of the base of the skull. There was serious fluid exuding through his left ear.

Did you examine the wound close enough to form an opinion as to how it was produced?

It was a blow from some hard instrument. The wound is about three inches long, cutting clear to the bone. I put my finger in the wound and felt the skull. I couldn't detect any fracture where the blow was struck. A fracture from the base of the brain comes from a blow from above. I can't tell whether there was more than one blow. From this long incision there was another contusion that looked like the end of an instrument. It all looked like one strike. There were no other wounds on the body. There was a chronic ulcer on the ——. He complained of his shoulder and side being sore, but that must have been from falling. There was no other fracture or bruises. My opinion is that his death was caused from that blow on his head. I can't say whether or not he was under the influence of liquor when I first saw him. I didn't detect any odor of liquor. But the man who came with him said he had been drinking. He was rational, however, and told me his name and where he was working. Day before yesterday afternoon was when he commenced to get wild, fever ensued and he died last night at 1 o'clock I was told. John Harrington called and sworn and testified as follows:

I recognize the body in the hall as that of Billy Rosancho's. He came drunk to the mine and went down in the cage and wanted to work at the Anaconda mine and him and his partner were at the shaft. We were about 25 or 35 feet away from him, in about twenty

Hello, and thanks for the reply!

I am afraid that I do not have all that much....

Alexander Bosanko (b. 1861 Eng) m. Jane Dunston in Eng. in 1881. They had several children, one of whom was Thomas Alexander Bosanko (b. 1887 Eng.), my Great Grandfather. The family came from Eng. in 1889, to NY.

If you come across anything that looks like a match, please let me know.

I solemnly swear that I was born at Cornwall England
on or about the 23rd day of November, 1861
that I emigrated to the United States, sailing on board of the "City of Paris"
from Liverpool, about June, 1889
that I resided 26 years, uninterruptedly, in the United States, from 1889 to 1916
at Richmond County New York, that I was naturalized as a citizen
of the United States before the County Court of Richmond
at County of Richmond S. I. on April 28th, 1897
as shown by the accompanying Certificate of Naturalization; that I am the IDENTICAL PERSON described in said Certificate; that I am domiciled in the United States, my permanent residence being at 175 St John P. Bldg in the State of New York, where I follow the occupation of Miller; that I am about to go abroad temporarily, and intend to return to the United States within Two Months (month[s]) with the purpose of residing and performing the duties of citizenship therein; and that I desire a passport for use in visiting the countries hereinafter named for the following purpose:

Sancti B. W. I. (Name of country.) Heath. (Object of visit.)
I intend to leave the United States from the port of New York (Name of port.)
sailing on board the Lexaria. (Name of vessel.) on May 13th 1916. (Date of departure.)

OATH OF ALLEGIANCE.

Further, I do solemnly swear that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; and that I take this obligation freely, without any mental reservation or purpose of evasion; so help me God.

Alexander Bosanquet (Signature of applicant.)

Sworn to before me this 6 day
of January, 1916

Description:

This database contains U.S. passport applications from 1795-1925, including emergency passport applications (passports issued abroad) from 1877-1907. It also contains passport application registers for 1810-1817, 1830-1831, and 1834-1906. Passport applications often include information regarding an applicant's family status, date and place of birth, residence, naturalization (if foreign-born), and other biographical information. Twentieth-century applications often include marriage and family information as well as dates, places, and names of ships used for travel.

UNDERVALUED STOCKS

Would you pay \$1.06 per share for a company with an existing inferred value of over \$7.00 per share?

As savvy investors rapidly buy up this stock, it has become clear that this could be one of the most explosive opportunities of the year. You still have the opportunity to buy this stock for pennies on the dollar – but for how long? We are convinced **THIS IS JUST THE BEGINNING!**

Company: Capital Hill Gold, Inc. **Stock Symbol OTCBB:** CAGI
Recommendation: STRONG BUY **Recent Price:** \$1.06
Website: www.capitalhillgold.com

At Undervalued Stocks, we don't get excited about many stocks. That's because it's getting harder and harder to find stocks that have the potential to make investors rich very quickly. Blue Chips can't and IPOs rarely pay off for small investors. History shows that the only consistent way for small investors to see their money double, triple or more in the short run is to be smart enough to find small caps with huge potential and buy in before they take off – the kind of stocks that get us excited and could make you rich.

The stock that has us so excited right now is that of a little known company with a HUGE upside potential. Better yet, if it lives up to just a fraction of its potential, those who get in now could end up cashing out big very soon!

The potentially undervalued company we are talking about is Capital Hill Gold (OTCBB: CAGI), a junior gold company with mining rights to what many industry insiders are calling one of the most underdeveloped and exciting gold projects in the region. Our enthusiasm over this sensational opportunity is growing rapidly, and price and volume increases in the shares of the company prove that early investors that have done their own research are as excited as we are.

CAGI was formed specifically to tap the enormous anticipated gold reserves under the "Mexican Hat", an unusual volcanic dome formation in Arizona. Based on historical work documented by Placer Dome, the worlds third largest gold mining company, there are existing inferred reserves on the "Mexican Hat" of up to 360,000 oz. of gold worth at today's prices up to \$144 Million. This equates to a value of over \$7.00 per share! Smart investors are taking action. With only a little over 20 million shares outstanding, and the majority of those under restriction and held in the hands of company insiders, this stock may explode when the word gets out. How much longer this company can stay below the radar screen of the major institutional gold investors remains to be seen, but with gold prices are at near record levels, and with more results to come and the shares trading at only \$1.06, this stock has the potential to double again and again!

Will everything happen as expected? We can't say for sure, but all indications are that gold prices have not come anywhere close to topping out and the highly experienced management team at CAGI, with decades of mining experience on several continents thinks that the Mexican Hat mine will be a bonanza for everyone involved.

All smart investors know that it is easier to have a \$1 stock go to \$5 than a \$10 stock to go to \$50. An undervalued stock with the explosive upside potential of CAGI can do just that and much more for savvy investors. Now is the time to act if you really want to take advantage of this unique situation – jittery stock market, soaring gold prices and huge untapped potential form what could be the best gold stock play to come along in decades.

But the word is getting out. Chances like this are few and far between and the buzz on the street is that CAGI is a BUY! Who knows when you'll have another chance to turn such a huge profit again? Smart investors strike when the iron's hot and with CAGI, it's SIZZLING!

Homeland Security Investor Alert

September 29, 2004

GLUV® has been developing, marketing and distributing its patented, premium products throughout North America and Western Europe since 1998. Now, with their acquisition of SDS Productions, LLC they have positioned themselves for some multi-dimensional expansion. Their latest project moves them into the digital, DVD and High Definition areas of the market place. SDS Productions will begin turning the majority of its production efforts toward the creation of specialized training modules for the defense and security industries.

GLUV Corp. Acquires SDS Productions, LLC

RINGGOLD, Ga., Sept. 8 /PRNewswire-FirstCall/ -- GLUV Corp. (OTC Pink Sheets: GLVP - News), a leading leather goods manufacturer and distributor, is pleased to announce the acquisition of SDS Productions, LLC, a Birmingham, Alabama-based digital communications company.

According to Lanier M. Davenport, Sr., Chairman and President, "I am excited about the dimensional expansion that SDS Productions brings to GLUV Corp. We now have the internal ability to create sophisticated advertising and marketing messages for our present and expanding business base."

SDS Productions includes among their client list such prestigious names as **Nike, Ben Hogan Golf Company, Yahoo! Broadcast Services, Discovery Clubs of Alabama, SIGARMS Company, the National Shooting Sports Foundation, and others.**

James L. Shepherd, the founder and managing partner of SDS Productions, will assume the position of Chief Operating Officer for GLUV Corp. As a media executive, Mr. Shepherd has successfully managed network operations with budgets in excess of two hundred fifty million dollars. His expertise at creating and distributing high-impact messages through a variety of electronic media will be a key ingredient in the cost efficient marketing message of our Company and each of its subsidiaries. "I'm excited at the prospects," Shepherd says, "I believe that the management team we've assembled can quickly bring GLUV to a level of performance that matches the unbeatable quality of our product lines."

GLUV Corp. Subsidiary SDS Productions, LLC to Begin Work on Security and Homeland Security Projects

RINGGOLD, Ga., Sept. 21 /PRNewswire-FirstCall/ -- GLUV Corp. (OTC Pink Sheets: GLVP - News) subsidiary SDS Productions, LLC, an Alabama-based digital communications company has delivered a completed video and DVD project to Discovery Clubs of Alabama. The completion follows a five-month production schedule that involved extensive on-location filming as well as high-end digital compositing, music composition and animation.

With the completion of this project, SDS Productions will begin turning the majority of its production efforts toward the creation of specialized training modules for the defense and security industries. These efforts will support the parent company work in the field of corporate security and counter-terrorism training operations. These proprietary materials will involve high-quality digital video production techniques in conjunction with the teaching expertise of some of the world's best recognized "operators" in the fields of corporate security, counter-terrorism and private security.

7 Reasons to own this stock:

1. Management's Marketing Expertise.
2. Great Leather Products and New Ideas!
3. Multi-Dimensional Expansion.
4. The Acquisition of SDS Productions, LLC.
5. Upward Potential in Stock Value.
6. Their latest High Tech DVD project!
7. It's only 4 cents!!

GLVP is still trading over-the-counter. Guess what? This means that the traditional investment community doesn't follow it, and most major brokerage firms and institutional investors can't yet invest in it. This is SUPER NEWS for our readers, because they can invest in GLVP before mainstream investors!

Kay, I have been following with interest all the Bosanko information. Unfortunately, I have very little information on my family to start with. Maybe you or one of the other members can help. My grandfather's name is **Thomas Bosanko**. He and his brothers came to the USA from Cornwall. I have no town of origin. We think his father's name was **William** and he worked for the Hecksher Flour Mill. Approximate year of birth for my grandfather would be in the **1890's**. The only other piece I have is that one of my grandfathers brother's changed his last name to **Dunstan** which family oral history says was the maiden name of my great grandmother. Thanks, Janet

Hi List,

Flying out in the morning but just wanted to say "Welcome" to Cory, Janet and Sue all of whom have been 'found' by Linda and forwarded on to me.

Cory says:

"That would be great. I am a student at the University of South Dakota. Please let me know more and I would be happy to participate."

Janet says:

"I am just getting to read my e-mail and was surprised and delighted to receive your message. There have been several times that I have thought about trying to trace possible Bosanko genealogy. We know that our family (grandfather) came from Cornwall and that his father worked for a flour mill. How do you go about joining and sharing information?"

Also "Welcome" to Joan who I think will also be joining us.

We have only lost 1 person from the list which is good. I kept getting a return to sender over the past 6 weeks or so so have come to the conclusion that they are no longer on line.

James, junior's, third wife was Janet Amos, a sister of Margaret, whom he married on January 22, 1849. Janet died on May 3, 1895 and is buried in the People's Cemetery, Charlottetown. At the time of her death, the roads were impassable and she was buried in Charlottetown rather than with her husband at New Dominion Cemetery. James died on November 29, 1875. To them were born three daughters and three sons:

- E. Ellen who was born on May 2, 1849 married **John Robinson Warren** of North River on April 20, 1875. Their family consisted of a son and two daughters. She died c. 1883 and is buried at Warren Grove Pioneer Cemetery.
- F. Malcolm who was born on August 2, 1850 died on November 3, 1880, unmarried. He is buried with his father at New Dominion.
- G. Martha who was born on January 16, 1852 married **Captain Ronald MacMillan** of Fairview and moved to Vancouver, British Columbia. They had two sons and a daughter.
- H. Elizabeth who was born on September 23, 1854 married **Daniel Hurry** of West Royalty on December 24, 1884. They had two sons and three daughters. She died on September 20, 1918 and she and her husband are buried at Highfield.
- I. James who was born on July 13, 1856 died before 1877. Nothing further is known.
- J. Robert who was born on August 30, 1859 married Margaret (Minnie) Warren on July 1, 1882. They had a son and a daughter. Robert died in 1940 and Margaret in 1944. They are buried in Elmwood Cemetery, Moncton, New Brunswick.

V **James Ferguson** (1807-?)

James was born on October 27, 1807.

VI **Ann Ferguson** (1811-?)

Ann was born on November 2, 1811.

VII **William Ferguson** (1814-?)

William was born on May 18, 1814 and married Jane Weeks of Crapaud on March 10, 1840. They had two sons and three daughters:

- A. John Edward was born c. 1841. He married Angelina Roach of West River on July 27, 1867, and they had four sons and five daughters. He died on October 31, 1883 and is buried at Sherwood Cemetery.
 - B. William was born c. 1843. He married Mary E. Partridge, a daughter of Richard and Margaret Amos Partridge on January 8, 1880. They had no children. He died on June 18, 1885 and is buried with his wife at Sherwood Cemetery.
 - C. Catherine died before 1885, unmarried.
 - D. Jane Amelia died before 1885, unmarried.
 - E. Emma Angelina was born on April 21, 1862. She married **Francis H. Smith** of South Shore and had six sons and three daughters. She died on October 10, 1923 and is buried with her husband at New Dominion Cemetery in Lot 65.
- William and Jane Weeks Ferguson are also buried at New Dominion.

VIII **John Ferguson** (1817-c.1855)

John was born on March 10, 1817.

In James' Will of 1843, probated in 1855, (Liber 5, Folio 358) he divided his land among three of his sons, James, William and John, with provision for his 'dear wife Catherine'. Of his large family, we were only able to trace two lines.

Researched and submitted by Kitty Orford.

WILLIAM FISHER, as his name appears in the Land Records of

Prince Edward Island, was born in Rommerhausen, Germany in 1747. During the American Revolution he served with England's hired troops in Vor Donop's Fusiliers, with General Knyphausen. At the conclusion of the War he returned with his regiment to his native land and married in November of 1783 Anna Maria Younker. Anna Maria was the widow of another German soldier who had died in America the previous year, 1782, of natural causes. Widow Younker had a son, Conrad, by her previous marriage and possibly a daughter, Anna Barbara Younker who married George Vickerson.

It is presumed from documented evidence that the Fishers—Wilhelm, Anna Maria and their young daughter, Anna Catherine came to the Island of Saint John in the late spring of 1787 and that Wilhelm received a grant of land from the Government as a disbanded soldier. According to the census taken in April, 1798 the family of three were living in Lot 32. William Fisher's sojourn in his adopted land was of relatively short duration. He died 25th May 1807 aged sixty years. Anna Maria's death occurred in mid July of 1823. When William died their only child, Anna Catharina, was married and living nearby in York River with a young daughter named for her grandmother Fisher.

I **Anna Catharina Fisher** (1784-1854)

Anna Catharina was born at Ziegenhain, Germany on 30 October, 1784. She accompanied her parents to the Island of Saint John where on 21st December, 1805 she married **Christian Boisner**. This Boisner family lived and farmed in York River with a family of eleven children; five daughters and six sons. Anna Catharina died on 26th October, 1854. Christian predeceased her on the 9th of January, 1831.

Following is a list of their children:

- A. Maria was born on 3 April 1806.
- B. William was born on 16 February, 1808. He married Ann..... The 1881 Census shows the family living in Charlottetown Royalty with four sons; Christian, Allan, Daniel and Frederick. Two sons, John and Frederick were drowned in York River in August, 1852. William was a Member of the Legislative Assembly.
- C. Elizabeth was born on 5th April, 1810. She was living in her brother Charles's home in 1881.
- D. Frederick Conrad was born on 9th September, 1812.
- E. Christian Augustus was born on 22nd June, 1815. He died on 29th June, 1824.
- F. Caroline was born on 9th July, 1817.
- G. Ruth was born on 6th December, 1819.
- H. Margaret was born in the midsummer of 1822 and was living in her brother, Charles's, home in 1881.
- I. Augustus D. was born on 28th February, 1826. On 31st October, 1848 he married Mary Moore (1827-?) daughter of David and Annie Marie Mabey Moore. Augustus died on 1st November, 1899, age seventy-four years.
- J. Charles was born in 1828 and on 20 November, 1862 married Eliza Ann Warren. They lived on Old York Road. In the 1881 Census Charles was listed as a farmer with three sons.
- K. Eustace no birthdate available.

Bosanko Appointed As District Scout Leader

John E. Aldeborgh, president of the Dutchess County Boy Scout Council, has announced the appointment of William N. Bosanko as the Taconic District Scout executive, effective July 1.

He succeeds Vincent J. Tesoro who resigned in March for a post with the Atlantic City Council.

For the last two and a half year, Bosanko has been serving as director of recreation and group activities at Greer School, Hope Farm, Verbank.

He is a 1963 graduate of the National Boy Scout Executive Training Institute and served as a professional Scouter with the Dutchess Council for three years and was its Camp Noteeming business manager and camp director in 1965.

He also has served as staff adviser to the Order of the Arrow, the Catholic Relationships Committee and the sixth National Jamboree.

Prior to coming to Dutchess County, Bosanko was an insurance underwriter. He has attended the national camping school of the BSA, at Spring Hill College, Mobile, Ala.

The new district executive has been active in youth work for

Likes Outdoors

Brooklyn Native Named Taconic Area Scout Leader

A man with a love for the outdoors and a desire to work with boys as his credentials, William N. Bosanko, 23-year-old Brooklyn native, recently was appointed district scout executive in the Taconic district of the Dutchess County Boy Scout council.

"About five years ago when I was living in Newark, N. J., I knocked on the front door of the church and asked if I could be of assistance there. I became associated with the local troop and became active in the council," Mr. Bosanko explained. Before that, his only affiliation with scouting was a year as a Cub and one as a Boy Scout.

A FORMER INSURANCE agent in Newark, he attended Spring Hill college, Mobile, Ala. He now resides with three other bachelors in an apartment in Manhattan square.

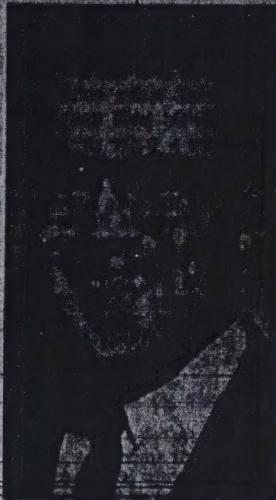

Since 1958 when he affiliated with the Orange Mountain council in New Jersey, he has served as a Scoutmaster, a member of the commissioner's staff, the junior leader and adult training staffs and the summer camp staff.

"THIS IS MY FIRST full-time position with the Boy Scouts," he explained, adding, "I certainly have been received well in Dutchess county."

Mr. Bosanko's duties include almost all the troops in the county east of the Taconic parkway. He succeeds Ronald E. Stewart, Hyde Park, who now is in charge of the Nimham district including part of Poughkeepsie and Southern Dutchess.

A week from tomorrow, the executive will participate in a 45-day national training school in Mendham, N. J.

In taking over a full-time scouting position, Mr. Bosanko explained that his five years of volunteer work brought to life the seed sown when he was a Cub, adding, "I believe this is the best possible way I can serve myself and my country."

WILLIAM N. BOSANKO, recently became a district scout executive in the Dutchess County Council of Boy Scouts.

Greek Prince Wins Danish Princess— But Loses Poundage

ATHENS, GREECE—(AP)—Crown Prince Constantine says he lost six pounds in courting Danish Princess Anne-Marie—more weight than he lost in winning a gold medal for yachting in the 1960 Olympics.

"It was the first time in my life that I made a decision without asking my father," the 22-year-old heir to the Greek throne explained to sports writers Friday. He announced his engagement to the 16-year-old Scandinavian princess last month after a six-month courtship.

Bosanko, Infant

Robert N. Bosanko, three month old son of William and Susan (Agnew) Bosanko, Carter Road, Town of LaGrange, died this morning at the Montefiore Hospital, the Bronx.

In addition to his parents, survivors include his maternal grandparents, Mr. and Mrs. Robert J. Agnew, Fishkill; his paternal grandfather, Nelson Bosanko, Falls Church, Va.; and his paternal grandmother, Mrs. Louis Cottell, Long Island.

Funeral services will be Saturday at 10 a.m. at St. Paul's Episcopal Church, Pleasant Valley. The Rev. Wayne Schmidt will officiate. Burial will be in the Fishkill Rural Cemetery.

Arrangements are under the direction of the Allen Funeral Home Inc., Pleasant Valley.

Susan Agnew, Fishkill, Married at Christ Church

Miss Susan Yale Agnew, daughter of Mr. and Mrs. Robert Jamieson Agnew, High View Road, Fishkill, and William Nelson Edward Bosanko, Hope Farm, were married yesterday afternoon. The 4 o'clock double ring ceremony took place at Christ Church. The Rev. John Widdows of Greer School, a children's community at Hope Farm, officiated. He was assisted by the Rev. Edmund Mathews of Trinity Episcopal Church, Fishkill. The bridegroom's parents are Mrs. Louis Cottell, Hollis, L.I., and Nelson Bosanko, Falls Church, Va.

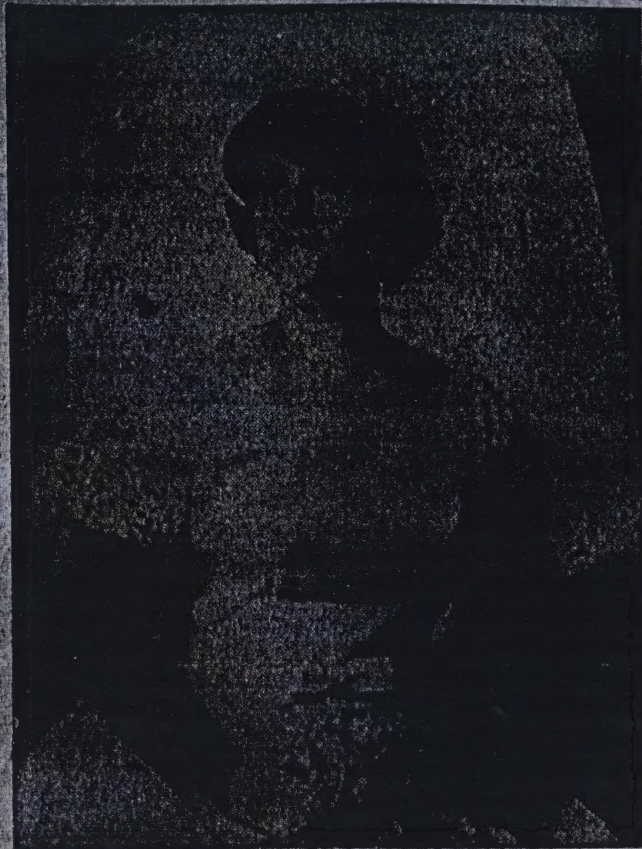

The bride, who was given in marriage by her father, wore a white linen floor length gown with a bateau neckline and an A-line skirt, the front of which was marked by a bow and streamers to the hemline. The elbow length sleeves were of Venice lace and the full chapel length train extended in pleats from the waistline. Her triple-tiered veil of English silk illusion, elbow length, was attached to a pillbox headpiece of matching linen and lace, and she carried a cascade arrangement of white gardenias and roses with ivy.

Miss Elizabeth Jamieson Agnew, the bride's sister, was maid of honor. The other bridal attendants were Miss Marion Saville Agnew, another sister of the bride; Mrs. Ronald Gerhardt, Westfield, N.J., sister of the bridegroom, and the Misses Cathy Olsen and Jayne Winters, Washington, D.C., college classmates of the bride.

The attendants wore identical gowns of lemon yellow linen with Venice lace trim on the elbow length sleeves and panel trains. The back of each waistline was accented by a hat bow. Their matching petal headpieces featured floor length veils. The maid of honor carried a cascade arrangement of white daisies and gold pom poms with gold velvet streamers and the others' cascades were of white daisies with gold velvet streamers.

Ronald E. Siewert, Hyde Park, was best man. Ushers included Glen Glasstetter, David W. Pelland and Gordon O. Dedrick, all of Poughkeepsie, and Morgan L. Donaldson, Hope Farm.

A 1962 alumna of Oakwood School, the bride received a

bachelor of arts degree in 1966 from Hood College, Frederick, Md. She is employed as a sixth grade teacher at Greer School.

The bridegroom, who is director of recreation and group activities at Greer School, is a graduate of St. Joseph's School, Metuchen, N.J., the Technical College of Insurance, New York City, and the National Training School for Professional Leaders, Boy Scouts of America. He also attended Spring Hill College, Mobile, Ala.

Susan Agnew, ^{of} Fishkill, To Become August Bride

Announcement is made by Mr. and Mrs. Robert Jamieson Agnew, High View Road, Fishkill, of the engagement of their daughter, Miss Susan Yale Agnew, to William Nelson Edward Bosanko, Hope Farm. He is the son of Nelson Bosanko, Falls Church, Va., and Mrs. Louis Cottell, Bellaire, L. I.

Scott Lord Smith of Poughkeepsie and of the late Mr. and Mrs. Harry H. Stinson of Arlington, Mass. She is an alumna of the Northwood School, Lake Placid, and now is a senior at Middlebury (Vt.) College.

Mr. Phelps, also a student at Middlebury College, is a member of Phi Kappa Tau. He is the grandson of Mr. and Mrs. Frederick L. Phelps, Middletown, Conn., and of the late Dr. and Mrs. Arthur G. Webster of Southboro, Mass.

Miss Agnew is an alumna of Oakwood School and received a bachelor of arts degree in 1966 from Hood College, Frederick, Md. She currently teaches fourth grade at Greer School, a children's community at Hope Farm.

Mr. Bosanko, an alumnus of St. Joseph's School, Metuchen, N.J., attended Spring Hill College, Mobile, Ala., The Technical College of Insurance, New York City, and the National Training School for Professional Leaders, Boy Scouts of America. He is director of recreation and group activities at Greer. A late August wedding is planned.

22 Jan 1961
New York, New York

Nelson Dunstan, a columnist for The Morning Telegraph and Daily Racing Form for twenty-five years, died yesterday in his home at 84-49 Elmhurst Avenue, Elmhurst, Queens, after a long illness. His age was 68.

Mr. Dunstan, who retired in 1955, served for six terms as president of the New York Turf Writers Association. A former vice chairman of the Damon Runyon Memorial Fund, he was honored by the American Cancer Society for raising more than \$100,000 among racing enthusiasts in 1948.

He had been a vice president of the National Museum of Racing at Saratoga, N. Y. In 1952, Mr. Dunstan was named chairman of the committee to select American horses for the inaugural races of the Washington International at Laurel.

He was the author of "The Thoroughbred in New Jersey," "Thoroughbred Racing and Breeding" and "The Jockeys' Yearbook." His columns had been entitled "Sires and Dams" and "Reflections."

Surviving are two brothers, Stanley Bosanko of New York and Thomas Bosanko of Washington.
